# CHESTERFIELD'S BEST KEPT SECRET

Dear SLRA Members and Friends -

It is hard to believe, but summer is right around the corner and preparations are well underway to make the 2010 summer season our best season yet. Many essential projects occurred last summer including the replacement of the swimming pool drains to meet US Government compliance, instillation of a new automatic chlorine pump, and replacement of numerous coping stone and tiles damaged from the harsh winter of 2009. With the overwhelming support of the SLRA members, we were able to institute a pool stimulus program that attracted many new members to Settlers Landing pool - a referral program we would like to continue into the 2010 season.

After-hours parties, aqua aerobics, holiday events, a full month of movie nights for the kids, a fall fun run and our annual Christmas tree burning offered new ways to connect with our neighbors in 2009. The Settlers Landing Sharks earned bragging rights as the only swim team in the Richmond Metro Aquatic League to grow in both 2008 and 2009 - we also dominated the C Division earning us a coveted spot in the B division for the 2010 swim season. None of these successes would have occurred without our dedicated parents and our talented and enthusiastic coaches - Clay Smith, Tim Johnson and Christine Ofslager.

I am continually surprised and delighted by the generosity and support of our members. Anonymous donations of money, materials and supplies, record numbers of volunteers during pool work days, swim team parents eager to support our swimmers and a quality lifeguard staff lead me to one conclusion...our pool is special.

Thirty-five years ago a small group of Settlers Landing residents had a vision. They invested their own money with the belief that they could create a community pool and recreation area for the local residents. This vision resulted in the wonderful pool that has provided decades of family-friendly fun - it is clear to me that the spirit of these pioneers is alive and well in our community today.

As President, my goals for 2010 are simple- to increase the membership of the pool, increase utilization, and focus on financial stability. All members who join for the 2010 season will receive two free pool passes with paid membership. I encourage you to invite someone who hasn't already experienced our "little bit of heaven". Help us spread the word so that we can continue the vision of those who came before us. Can't wait to see you at the pool!

Maura Varley-Twyman
